Final Report of the Accident Investigation and Countermeasures Committee on the Fire Accident at a Consolidated Subsidiary Company of Mandom

Mandom Corporation (hereinafter referred to as “the Company”) prays sincerely for the repose of the souls of our local employees who died in the fire accident that occurred at PT Mandom Indonesia Tbk, a consolidated subsidiary company of Mandom in Indonesia, on July 10, 2015 and offers its deepest condolences to the bereaved families. The Company also prays for the speedy recovery of its local employees. In addition, the Company deeply apologizes to neighboring people and many relevant people for causing any concerns and inconvenience.

In response to the occurrence of this accident, in order to investigate causes and to take preventive measures against recurrence, the Company established the Accident Investigation and Countermeasures Committee (hereinafter referred to as “Committee”) consisting of five members including academic experts and other specialists from outside the company. This was brought about in November 2015 after advance accident site investigations were performed two times in September and October in said year and the prohibition on entrance was lifted by the local police department.

The Committee organized meetings on three occasions, analyzed causes of the accident, conducted simulations, etc. based on the various data provided by the Company, and proposed preventive measures against recurrence of the causes analyzed by the Committee. We hereby announce that their activities have been compiled in a final report as stated below.
