

Notice of a new COVID-19 positive employee case

One employee working at the head office building of Mandom Co., Ltd. (Osaka City, Osaka Prefecture) was tested as positive for COVID-19 on the afternoon of Tuesday, August 4.

The employee had a cough/shortness of breath on August 1 (Saturday), and received a PCR test on August 2 (Sunday) and was confirmed as positive on August 4 (Tuesday). The employee is currently receiving medical treatment at home. The employee has not been working since July 29 (Wednesday), and there is no person who had close contact.

The employee and the other employee who was reported as positive for COVID-19 yesterday were in the same workplace, but their last contact date was July 17 (Friday) and no further contact was made. The shared space and the office site in which the two employees worked were disinfected on August 5 (Wednesday). In addition, all employees at the relevant workplace will be working from home until Sunday, August 16. <Our summer vacation period: August 11 (Tuesday)- 14 (Friday)> We will continue to take necessary measures in cooperation with the public health center in charge.

We will continue to strive to prevent the spread of infection by giving top priority to ensuring the health and safety of our customers, business partners and our employees.

We would like to ask for the understanding of all stakeholders.
